

## TL Smart Up Easy

### ✓ Private use

- Ideal for in and around the house
- Very compact to store and transport
- User-friendly telescopic ladder
- Finger-protect because of spacers between the rungs

## TL Smart Up Easy. Telescopic ladder for jobs in and around the home

The TL Smart Up Easy is a very user-friendly telescopic ladder which is usable for a variety of activities. This telescopic ladder has a variable working height with a maximum of 3.90 m and a comfortable standing surface because the rungs are 40 mm deep. Suited for use in and around the house.

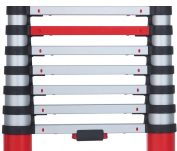

### Simple to use

The central operating point is unique. With just one movement, you unlock the entire ladder and slide it in automatically.

### Working safely

You can always work safely with this telescopic ladder. With the anti-slip feet, you are always safe and stable.

### Compact storage

The TL Smart Up Easy is compact and easy to store. When collapsed, the ladder needs little space.

### Finger safe

Extra safe because of the spacers between the rungs.
