

TWIN LEG HYBRID LANYARD—DSL 2

Product Codes

FAR-11G10 (2.0m working length)

DESCRIPTION

Twin retractable leg fall arrest lanyard. Twin lanyards provide 100% attachment while climbing and traversing. The SP140 energy absorbing pack has a protective cover which attached to the harness and can be removed for inspection. The retractable lanyard leg reduces potential free fall distance and increase worker safety during a fall.
