

SP140 TWIN ELASTICATED LANYARD

Product Codes

FAF-01C10 (2.0m working length)

DESCRIPTION

Twin elasticated leg fall arrest lanyard. Twin lanyards provide 100% attachment while climbing and traversing. The SP140 energy absorbing pack has a protective cover which can be removed for inspection and a “clip back” ring. The elasticated construction reduces the risk of entanglement while working.

SPECIFICATION

- Elasticated polyester lanyard
- SP140 energy absorbing pack for workers up to 140kg in weight
- User connection: steel auto-lock karabiner with captivating pin
- Anchor connection: lightweight steel scaffold hook with >50mm gate opening
- Clip Back Ring to allow lanyard to loop around an anchor

MATERIALS

- Polyester lanyard webbing
- Mild steel connectors with zinc finish
- Mild steel ring with ED Black finish

TYPE APPROVAL

EN355:2002

NOTE(S)

Suitable for use as part of a fall protection system.

10 year maximum lifespan
